From Our Pro—Martin

Happy New Year!

I hope everyone had a Merry Christmas. For those fair weather golfers the golf course is in pretty good condition for this time of year. The greens are putting great!

I am really excited to see what we will have next spring. With the aggressive fertilization schedule and the herbicide program we have the opportunity to have very good turf conditions next fall. Rocky and his guys are doing a great job this winter with several projects.

A little housekeeping, this time of year, we need to be very cautious with the frost. Please be patient when the golf course is closed waiting on the frost to lift. Walking across the turf with frost will kill the grass and create long term affects on our turf. Thanks!

We are in the process of scheduling our Junior Summer Programs. We should have that information in the Pro Shop in the coming weeks.

Martin

ROCKY'S RESERVES

The TCC Greens Committee's Rocky's Reserves Program is conceived with the purpose of providing an auxiliary volunteer work force who have a strong stewardship interest in their golf course and are available to assist our Course Superintendent, Rocky Zapata, and his crew, by performing various golf course maintenance tasks, as needed.

Each member of the TCC Greens Committee will serve as a Team Captain. If you volunteer for Rocky's Reserves you will be contacted by a Team Captain to determine what schedule you can arrange for various golf course work projects. You will be ask to commit to a minimum of 4 hours per month. The team with the most volunteer hours will be recognized in the TCC Newsletter

Contact a TCC Greens Committee Member or sign up on the bulletin board to join Rocky's Reserves.

Notes From The Board

In January construction will begin on an addition to the maintenance barn so that we can house all of the course equipment. All of the sprinkler systems are in the process of being automated. The loan on the Toro mower has been paid. TCC has signed a new contract with Club Car that will be effective in March and we will receive new golf carts.

Hope the men are enjoying the new furniture in the Men’s Locker room. We still need to get a new sofa.

Membership as of the end of November was 244. The Membership Committee is working on some new ideas to hopefully increase membership. If you have golfing friends or family, TCC is still the best deal in town.

The Board is excited about Rocky’s Reserves and hope the club membership will get involved.

Golf Etiquette

- Record scores in the handicap computer
- Abide by the 90 degree rule.
- Avoid slow play and let groups through if there is an empty hole in front of you.
- ”Carts on cart path” means ALL carts (including pull carts) stay on the cement cart paths.
